**Grant Assistance**  
Technical support and grant writing for applications  
Administrative support for grant reporting

**Workshop Facilitation**  
Professional planning and workshop facilitation

"Fostering Partnerships, Programs and Possibilities in Connecticut"

CTRC&D is based on a number of concepts that make it a unique program. These concepts include:

- The value of public and private partnerships in making the best use of limited resources.
- Leveraging limited federal dollars with private funds to accomplish goals.
- The value of grassroots and volunteer involvement in making decisions about local areas.
- Bringing federal, regional and local agencies, residents as well as non-profits together to focus on the same problems and opportunities.

### PROFESSIONAL DEVELOPMENT

#### CACEE Center Project

Small Town and Rural Economic Conservation Innovation  
*"An Open Door for Opportunity"*

#### Job Jump Start

Providing on-the-job training through part-time internships and a NRCS cooperative grant for new careers in agriculture and conservation.

#### Rural Lands—Rural Towns

Cooperative ventures between conservation and land partners to revitalize of Connecticut's rural landscapes and small towns.

### CT Environmental Review Team

Connecticut ERT is a free limited service to CT municipalities and land trusts to inventory and map resources for town owned or land trust property.

CTRC&D coordinates volunteer multi-disciplinary environmental professionals to assist you with an inventory of natural, and cultural resources along with recommending best management practices for land use, transportation, agriculture use, historic preservation, and public access.
